Discounted guaranteed spaces in Maroon Garage available online!

Advance Online: Visa and MasterCard Accepted

Day-of-Show Parking: Cash, Visa and MasterCard Accepted

Dedicated accessible spaces are held in the Gold lot. Accessible parking is available in all parking areas.

Parking Tips

- For the best show experience please arrive at least one hour prior to your performance. If you are late, you may not be seated until there is a break in the show.
- If you plan on arriving less than one hour prior to your performance. Do NOT attempt to park in the GOLD lot unless you have a disabled placard/plate. Head directly to the Green Lot (Free) or the Maroon Garage (Paid Tues. - Fri.) to avoid traffic and for quickest parking.

NEW PARKING UPDATE

In August of 2017, a new parking program was designed to help traffic flow as well as meet the ever-changing needs of a growing campus and city. Although the plan was designed to enhance the parking experience for ASU Gammage patrons, the late roll-out and technical difficulties, left us well short of achieving that goal. ASU Gammage and the university value all campus visitors, and we have received much feedback from loyal patrons like you. We apologize for this misstep and, while we still face parking and traffic challenges around ASU Gammage, we have canceled the plan for a new parking program for the 2017-18 season.

Parking will remain the same as the 2016-17 season, with the addition of a new option - a discounted prepaid pass for the Maroon Garage (Apache Blvd. Structure) for weekday shows. The Maroon Garage will remain free on weekends.

Free parking is also still available on weekday and weekend show dates in the following locations:

- Gold Lot (ASU Gammage Lot)
 - Parking availability in the Gold Lot will continue to be FREE but limited, and we recommend arriving 60-90 minutes before show time.
 - Beginning 60 minutes before show time the GOLD Lot will be reserved for patrons with a VIP Donor parking pass or patrons with a disabled plate/placard.
- Green Lot (Lot 20)

We will create a new parking program for the 2018-19 Broadway season. We will solicit input from patrons beginning next month to design a paid parking program that fits the needs of our patrons and works to reduce parking and congestion issues noted in previous feedback.

Patrons who purchased parking as part of the plan that was announced in August will have their purchases refunded. If you do not receive a refund by Sept.15, please email parking@asu.edu with your confirmation number and the last four digits of your credit card to facilitate the refund process.

All parking passes that were issued are no longer valid and may be recycled. Patrons wishing to purchase the discounted Maroon Garage pass in advance for 2017-18 weekday shows (weekends are free), can do so using the online portal.

We thank you for your patronage. We look forward to seeing you at ASU Gammage soon.
